

# Creating Mobile Device Management (MDM) Solutions

Pintrac MDM allows Enterprises, Small Businesses and Educational Institutions to be able to remotely manage and control multiple devices within organizations and groups.

## Far too many kids still don't have reliable access to the internet

By making it easy and affordable for schools to keep students connected, we're helping students make the leap to a better education both in school and at home. It's called the Digital Divide and its an all to real problem in America. We believe mobile access holds the power to close the "homework gap" by giving students the tools they need to plug in to 21st century learning and opportunity at anytime, from anywhere.

# Creating Mobile Device Management (MDM) Solutions

Mobile device management allows business users security and control over company data

LAN/WiFi Settings

Mobile Settings

Firewall Settings

The Mobile Device Management solution will allow users to remotely manage and configure their devices in the field. The solution is designed specifically for Educational institutions as well as Enterprises and small businesses. The cloud-based management platform is secured by 2 Factor authentication and industry standard security and protocols.

## Specification & Technical Data

### Technology

- MDM9207-0
- LTE Bands: 2 (25), 4 (66), 5 (26), 12, 41, 71
- UMTS Bands 1, 2, 4, 5
- Simultaneous, dual band WiFi (b,g,n,ac)
- LTE Category 4
- DL/UL : Up to 150Mbps/50Mbps
- IPv4/v6
- Processor Speed: Single-Core 1.3GHz
- OS: Linux 3.18

### Features

- Remote Management
- OLED Mono Display (128x36)
- USB Tethering Connection
- 4FF SIM
- 4x2 MIMO

### Wi-Fi

- 802.11 b/g/n/ac
- 2.4 & 5 GHz
- Connect up to 15 devices simultaneously

### Battery

- 2450 mAh (Up to 8 hours usage)
- 20 hour Standby time

### What's in the box

- LTE Mobile Hotspot
- Sim Card
- Get Started Guide (English/Spanish)
- Terms and Conditions Booklet
- Important Information Booklet
- Battery
- Micro-USB Charger

### Memory

- RAM – 256MB
- ROM – 256MB

### Dimensions

- L: 4.13 (in) X W: 2.63 (in) X D: 0.51 (in)
- Weight: 85 (g)

### Operating & Storage Temperature

- Operating Temp: 0 ~ 47°C (32 ~ 116.6°F)
- Storage Temp: -20 ~ 60°C (-4 ~ 140°F)
